

Giving Back to Our Community

I am proud to share that through the amazing **Community Meal program at Catholic Charities of Southern Nevada**, I've had the opportunity to help feed approximately **2,500 people** every week on Monday, Wednesday, and Friday.

It has been a truly rewarding experience, and I'm grateful to be part of a program that makes such a meaningful difference in our community.

I am currently working on setting up a **Knight of Columbus volunteer group for my Councils — #9102, #10442, and #11029** — so that more of our Brother Knights can join me in supporting this wonderful program. I will have more information available once I complete the setup.

This is also a great opportunity for our Councils to **fulfill community service requirements, get our Brother Knights involved in meaningful service, and work toward earning Star Council**.

As a District Deputy, those who have the opportunity can also consider setting up a similar volunteer group for your Councils. This is a great way to bring our Brother Knights together, serve our communities, and make a real difference while accomplishing our Council service goals.
