

Our Church and Nevada State leaders are asking every Knight and Council to help Defend Life

*Will you help?
This packet shows you how:*

1. Start with **Ignite Life Programs Checklist** – pg. 2
 - Plan 1-2 events – or join events others are doing.
 2. Share **talking points on the Programs checklist** – pgs. 3-5
 - Inform all Knights, friends, and family – pg. 7 photo recap
 3. Help raise \$100K for **Nevada Life project needs** in 2026 – pg. 6
- NEW – Promote the 1st Annual Statewide Ignite Life Raffles** – pg. 6
- First grantee is Living Grace Homes - for a new security system
 - Next grantee will be Pregnancy Centers and related support
 - Details:
 - May through Fall
 - Raffles are online with Zeffy free app – with a donate option
 - More use of Zeffy app will build familiarity for Seminarian raffle on same platform
4. **Become educated and mobilize on No on Question 6 (“Q6”)** – pg. 8
 - the extreme Nevada Abortion Constitutional Amendment
 - up for its final vote in November
 - Know the basics – [at back of this packet](#)
 - Learn how Knights can help
 - Work with organizations that are fighting Q6 and direct people who would like to volunteer to the defeatsix.com website to sign up
 5. **Sign / promote Protect Girls and Women’s Sports petition** – pg. 9
 - Become educated and mobilize on a new Constitutional Amendment to get this to a vote of the people in November.
 - We must gain over 150,000 signatures in **May 2026**.
 - The effort will help voters get registered for the election, helping Q6.

#18 is a concept not official program.

St. Thomas More Council #17996 Henderson, NV

The NV Ignite Life menu Talking Points

This is primarily a list of the now **12 National Life programs** on Supreme's website. There are 11 numbered because #5 is the ASAP Supreme matching grant when we support Pregnancy Centers and Maternity homes, items 3 and 5. #11 is new – no information yet.

On the far right is an x for programs that 3 ½ year old Council #17996 has participated in or organized.

We are asking Councils and individual Knights to engage in some of these programs as a public witness for the Culture of Life.

Examples: Attend local marches, conduct parish baby bottle campaign for, and visit, pregnancy centers, volunteer at a Living Grace Homes maternity home cleanup day.

But these 10 programs are NOT all there is. Items 12-18 are activities not specifically listed by Supreme as a program. (Item 18 is not yet a national program). **Items 12-17 are similar activities and events that clearly fit the criteria and are given credit toward the Columbia Award.**

Examples: Visit the sick – say the daily prayers or read daily scripture; attend local non-denominational pro-life movement conferences.

All of these activities build a culture of life that Educates, Equips, and Engages; advocate esp. when the USCCB and Nevada State Catholic Conference ask you to pray and write letters; share Vote No on Q6 cards.

The Life experience we receive alerts us to developments, legislation, or needs of the local resources saving and supporting life. We have identified **two history-making expansions** in 2 qualified ASAP organizations we support:

- **First Choice Pregnancy Services** wants either a new 2nd location or a mobile unit. They need new ultrasound machine.

- **Living Grace Homes (LGH)** – helps homeless pregnant women.
 - LGH receives 8 to 10 calls for help every week, often for women over age 24. For 18 years LGH rescues **40 women per year** in 2 houses.
 - They just bought a large, closed maternity home in Henderson that will **allow them to serve 90 more women per year**.

How do we respond?

We respond when scarce local agencies are expanding to help meet the growing demand to save women and babies and build healthy families.

Our plan:

- **Help raise \$100K for Nevada Life project needs in 2026**
 - **Start a Council fundraiser project, and**
 - use the **NEW - 1st Annual Statewide Ignite Life Raffles**
 - **Sponsored by State Council #027**
- First grantee is Living Grace Homes - for a new security system
 - Raise \$25K for a **new security system** for LGH new old maternity home before renovation begins this year.
- Next grantee will be Pregnancy Centers and related support
 - Raise \$25K for a **new ultrasound** (50% of the \$50K cost - Supreme matches the other ½).
 - KoFC has helped supply 2,000 ultrasounds nationally.
- Other needs will be identified.

Raffle Details:

- May through Fall
- Raffles are online with Zeffy free app – with a donate option
- More use of Zeffy app will build familiarity for Seminarian raffle on same platform and can be used for Council raffles on your own Gaming License.
- For questions, contact Mark Gilmour or Tom Villardi

In Summary, how do we defend life?

- Invite more men into formation (COR) and small groups
- Help men **learn, lead, or join LIFE programs**
 - We have materials and **videos for COR sessions on Life**
 - Invite men to join the Knights by being active, starting with Life events and others
 - The men joining are often our best FIA volunteers

Now – You know:

WHAT - The **big picture for KofC Life.**

WHO - Men are needed.

WHAT – Our Mission and Goals

HOW - to get involved

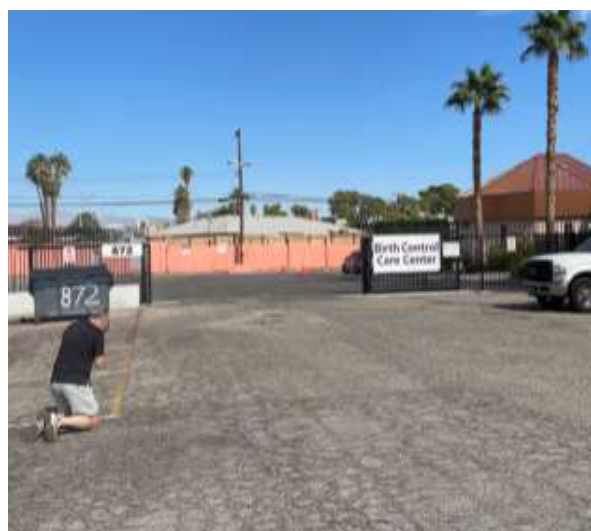

Failure to plan is a plan to fail.

Failure for defending Life is **NOT** an option.

We need YOU.

Abortion Amendment Question 6 (“Q6”) Basics

Q6 In Nevada’s November 2026 general election, this is the **final vote on an abortion referendum that would expand abortion beyond 24 weeks and expand and enshrine abortion into our Nevada Constitution.**

The Nevada Catholic Conference (NCC) opposes **Abortion Amendment Question 6 for many reasons listed below.** The Nevada Knights leadership urges you to vote NO and educate every voter on this dangerous initiative that threatens the dignity, safety and rights of women, children, and families. Q6 will directly and indirectly expand abortion rights:

- Abortion, legal in Nevada up to 24 weeks of pregnancy, would be **expanded to the 9th month of pregnancy, to full term.**
- It **eliminates the ‘licensed physician’ requirement** for abortion and substitutes ‘health care practitioner’ that could include nurses, physical therapists, dietitians, and athletic trainers (NRS 629.031).
- It **removes parental notification, consent, and family involvement** from all reproductive decisions for their minor children, including abortion. **A minor could obtain an abortion without parental involvement (including the abortion pill).**
- It will lead to removal of existing health and safety regulations for mothers and babies.
- A constitutional amendment cannot be vetoed or changed by the legislature. Only a Statewide petition drive with over 150,000 signatures can overturn Q6.
- Courts will interpret all existing laws and regulations through the lens of Q6.
- Our families will be at risk for many years.

Protect Girls and Women’s Sports Petition

Life Director Report: Nevada Girls Sports Petition

The U.S. Supreme Court is considering a case dealing with ...laws that concern natural, physical distinctions in the human body. If these state laws are struck down, it would undermine a state's ability to make reasoned arguments and statements about the central distinction present in the human community since the dawn of time: male and female.

<https://adflegal.org/press-release/us-supreme-court-to-hear-womens-sports-cases-tuesday/>

A petition drive is an effort to reverse how the Nevada ERA undermines a state's ability to make reasoned arguments and statements about the central distinction present in the human community since the dawn of time: male and female.

The legal significance extends beyond the preservation of logic in single-sex competitions. It involves the ability of states to pass laws based on that logic, which may also apply in other contexts.

- What if all state law efforts that require sex distinction violate the Constitution?
- What if states cannot develop laws that rely on objective, biological criteria to distinguish between men and women when regulating other spaces where those physical differences are, like in sports, the reason for separation?

Talking points to promote the petition to allow voters to decide:

1. Girls deserve a safe, fair playing field today—not years from now.
2. When biological males compete on women's teams, female athletes lose championships, opportunities, and scholarships and suffer serious harms and safety risks.
3. The NCAA amended its participation policies this past February to declare that biological male athletes “may not compete for an NCAA women's team,” no matter how they identify.
4. A significant portion of public opinion that supports fairness and safety for women and girls in athletics.
5. The USCCB's advocacy reflects a commitment to ensuring that women and girls can compete safely and fairly in sports, reinforcing the need for policies that respect biological differences.
6. Catholic world News reports “ The chairmen of two committees of the US Conference of Catholic Bishops have announced their support of the Protection of Women and Girls in Sports Act of 2023.”
