

QUESTION 6 – WHAT’S THE DIFFERENCE?

Nevada's abortion law (NRS442.250) was voted on during the 1990 election. It can only be changed by a vote of the people.

1 No elected official can change it, but Question 6 will.

QUESTION 6 WILL FACE FINAL APPROVAL ON THE NOVEMBER 2026 BALLOT.

Q6 will have grave and lasting consequences. 2

A “NO” VOTE Current law remains	A “YES” VOTE Amends NV. Constitution
Abortion up to six months	Expands Abortion in 7 th , 8 th and 9 th month up to birth 3
Parental notification required prior to a teen/preteen abortion	No Parental Involvement EVER 4
Only Licensed Physicians can perform abortion	Dangerously replaces “licensed physician” requirement with “a practitioner of healthcare (nurse, chiropractor, etc.)” 5
Health and safety regulations remain	State and local government can NOT regulate for health and safety 6
Miscarriage care and ectopic pregnancy treatment protected	Unchanged

A NEVADA CATHOLIC CONFERENCE ADVISORY

VOTE NO ON QUESTION 6!

In Nevada's November 2024 general election, there is an abortion related ballot initiative that proposes to radically expand and enshrine abortion into our Nevada Constitution.

The Nevada Catholic Conference opposes this constitutional amendment and the ballot initiative seeking to permanently place the right to abortion in our state constitution. We urge you to vote NO on this dangerous initiative that threatens the dignity, safety and rights of women, children, and families for many reasons; among them:

- It dangerously expands abortion rights. Abortion, already legal in Nevada up to 24 weeks of pregnancy, would now be permitted to the 9th month of pregnancy, to full term.
- It removes parental notification, consent, and family involvement from all reproductive decisions for their minor children, including abortion. Parental consent is required to give a student an aspirin; yet this initiative would allow a minor to obtain an abortion without parental consent.
- It eliminates the 'licensed physician' requirement for abortion and substitutes 'health care practitioner' that could include nurses, physical therapists, dietitians, and athletic trainers (NRS 629.031) which would be dangerous to women in Nevada.

For these and many other reasons,
the Nevada Catholic Conference urges all - ***Vote NO on Question 6!***

In this Respect Life Month, do not hesitate to share the Gospel of Life
with our sisters and brothers in Nevada.

I Vote NO on Question 6!

CONSEJO DE LA CONFERENCIA CATÓLICA DE NEVADA **¡VOTE NO A LA PREGUNTA 6!**

En las elecciones generales de Nevada de noviembre del 2026, hay una iniciativa de votación sobre el aborto que propone expandir y consagrar radicalmente el aborto en nuestra Constitución de Nevada.

La Conferencia Católica de Nevada se opone a esta enmienda constitucional y a la iniciativa de votación que busca colocar permanentemente el derecho al aborto en nuestra constitución estatal. Le instamos a votar NO a esta peligrosa iniciativa que amenaza la dignidad, la seguridad y los derechos de las mujeres, los niños y las familias por muchas razones; entre ellas:

- Amplía peligrosamente los derechos al aborto. El aborto, que ya es legal en Nevada hasta las 24 semanas de embarazo, ahora se permitiría hasta el noveno mes de embarazo, hasta el término completo.
- Ratifica la eliminación del requisito de notificación a los padres en las decisiones sobre el aborto tomadas por menores de edad. Se requiere el consentimiento de los padres para administrar un Tylenol a un estudiante; sin embargo, esta iniciativa permitiría que una menor de edad obtuviera un aborto sin que sus padres siquiera lo supieran.
- Esto representa un peligro para las mujeres y las niñas. La Pregunta 6 sustituiría el requisito de que el aborto sea realizado por 'un médico con licencia' por el de 'un profesional de la salud', un término que incluye a enfermeros, dentistas, ópticos y técnicos de laboratorio médico (NRS 439A.0195) Y amenaza gravemente la capacidad del estado para regular las clínicas de aborto en lo referente a las condiciones básicas de salud, seguridad e higiene.

**Por estas y muchas otras razones,
la Conferencia Católica de Nevada insta a todos a**

¡Yo voto NO a la Pregunta 6!

October 1, 2026

Dear Sisters and Brothers in Christ,

On this Respect Life Sunday, I write to you regarding Question 6, a proposed amendment to the Nevada Constitution greatly expanding abortion rights.

This question is not whether abortion is legal in Nevada; it already is under a law approved by Nevada voters in 1990. The Legislature cannot amend or repeal that law; only a direct vote of the people can do so. This question is whether Nevada voters should expand the right to abortion in ways that can harm the health, safety, and welfare of women and minors. Moreover, this measure will have grave and lasting consequences for vulnerable unborn lives. I ask you to give this matter your careful attention.

If approved by voters for a second time, Question 6 would amend the Nevada Constitution. Among the serious concerns surrounding this proposal are the following:

- It dangerously expands abortion rights. Abortion, already legal in Nevada up to 24 weeks of pregnancy, would potentially be permitted to the ninth month of pregnancy.
- It ratifies removal of parental notification and family involvement from abortion decisions made by minor children. Parental consent is required to give a student Tylenol; this initiative would allow a minor to obtain an abortion without a parent even knowing.
- It is dangerous for women and young girls, as Question 6 would replace the 'licensed physician' requirement for abortion with 'health care practitioner,' a term that could include nurses, dentists, opticians, and medical laboratory technicians (NRS 439A.0195) and severely threatens the State's ability to regulate abortion clinics for basic health, safety, and sanitary conditions.

Unborn children have no voice and cannot defend themselves. As Catholics, our faith requires us to protect the inherent dignity of every human life and to speak for those who cannot speak for themselves. Our faith also calls us to approach moral issues of great consequence with truth, prayer and a well-formed conscience. Nevada law already permits abortion under existing state law. Question 6 concerns whether abortion rights should be further expanded in the Nevada Constitution.

I encourage you to vote no on Question 6 and invite your family and friends to do the same. Please pick up the advisory from the Nevada Catholic Conference, available in English and Spanish at your parish. I encourage you to read it carefully and to share this information with others.

Sincerely yours in Christ,

Most Reverend George Leo Thomas, Ph.D.
