

A NEVADA CATHOLIC CONFERENCE ADVISORY

VOTE NO ON QUESTION 6!

In Nevada's November 2026 general election, there is an abortion ballot initiative that proposes to radically expand and enshrine abortion into our Nevada Constitution.

The Nevada Catholic Conference opposes this constitutional amendment and the ballot initiative seeking to permanently place the right to abortion in our state constitution. We urge you to vote NO on this dangerous initiative that threatens the dignity, safety and rights of women, children, and families for many reasons; among them:

- **It dangerously expands abortion rights.** Abortion, already legal in Nevada up to 24 weeks of pregnancy, would now be permitted to the 9th month of pregnancy, to full term.
- **It ratifies removal of parental notification and family involvement** from abortion decisions made by minor children. Parental consent is required to give a student a Tylenol; yet this initiative would allow a minor to obtain an abortion without a parent even knowing.
- **It is dangerous for women and young girls.** Question 6 would replace the 'licensed physician' requirement for abortion with 'health care practitioner,' a term that includes nurses, dentists, opticians, and medical laboratory technicians (NRS 439A.0195) AND severely threatens the state's ability to regulate abortion clinics for basic health, safety, and sanitary conditions.

For these and many other reasons,
the Nevada Catholic Conference urges all

Vote NO on Question 6!
